Brian Maresco, an Iraq war veteran from Mount Prospect, has been named winner in Peterson Roofing's "No Roof Left Behind" free roof giveaway.

Maresco was in the army for eight years. He was injured during his time in Iraq and after returning home, went to college and became a teacher.

According to company officials, after purchasing a new home, it wasn't long before he realized the previous owner misled him. Less than a month after

moving in, the roof began to leak causing water to pour into the house.

The Mount Prospect-based company has scheduled the project for Saturday, Nov. 7, weather permitting.
