The Cleaveland family of Mount Prospect has been named the winner of a new roof in Peterson Roofing's "No Roof Left Behind" initiative.

Last October, the Cleaveland's 7-year-old son Brendan was diagnosed with an aggressive form of brain cancer. Between physical, occupational, radiation and chemo therapies, all on top of medical bills accrued from surgery and intensive care, all the family's resources and time are directed toward Brendan's recovery.

According to business owner Jim Peterson Jr., the Cleaveland's roof has seen better days.

"We are so thankful to everyone involved and everyone who voted for us," the family said. "We can't begin to say how much this means to us and

what a huge help this is to our family."

Peterson has scheduled the new roof installation for 10 a.m. Saturday, July 25 at the Cleaveland home, 1834 W. Locust, weather permitting. A rain date has been set for Saturday, Aug. 8.

Peterson Roofing, based in Mount Prospect, will give away a second free roof later this year and is accepting nominations through the company website. "No Roof Left Behind" is a nationwide program.
